Below guidance will help you to identify: Abusers & Victims characteristics & behaviours, risk escalation, patterns & stages identified within the intimate partner homicide timeline.

DA/Stalking Homicide Timeline form combined with the DASH

Stage 1. History of the following: DA /Sexual offences; Control & coercion, Stalking &/or harassment, routine jealousy, violence to anyone? Mistreating animals/pets, breaching bail/orders, drug/alcohol, mental &/or health issues, criminal history.

Stage 2. Early relationship Speed and intensity of relationship how long have they been together, when did abuse start, tried to separate before? Change in behaviour, early commitment demands &/or early pregnancy, Quickly isolating victim

Stage 3. Relationship. Dominated by controlling and jealous patterns of behaviour: accusations of affairs, increased isolation, financial issues &/or dependency, discrediting victim to others including family, professionals and/or preventing contact with family/professionals /health services. Verbal abuse, Gas lighting victim. Drug, alcohol &/or MH issues of abuser &/or victim, Withholding or controlling access to medication and/or contraception. Violence used in many cases including; physical abuse & some high/significant risk markers may already be present. Previous strangulation/choking/drowning may be disclosed. Feeling threatened by others? Tracking & monitoring? (Consider HBV& A). Victim's chronic fear, disclosure, &/or help seeking.

Stage 4. Trigger. Victim discloses abuse to family or professionals (police reporting also included within this stage). Separation (imagined, threatened or real) Victim may have threatened to leave or may have left. Conflict over child contact? Victim may play ill. Victim may have presented a challenge to the control. Life change; pregnancy, redundancy, retirement, illness, abuser has carer responsibilities? Financial issues; no control of finances, forced debt, dependency/entrapment. Stalking. Sexual abuse - unwanted touching, forceful sex/sexual acts, derogatory comments, sexual assault, rape etc. Animal or pet abuse.

5. Escalation. Control escalates; strangulation/choking/drowning, begging, crying, violence, threats, suicide threats, Use of weapons. Drug and/or alcohol/MH issues escalation. Breach of bail/orders. Others involved with threats, harassment etc. (again consider BV/A). Sexual abuse; unwanted touching, forceful sex/sexual acts, derogatory comments, sexual assault, rape etc.

Increased child contact conflict. Victim help-seeking, fear, and/or may feel guilt. Increased stalking may also be evident in stage 5.

Stage 6. Homicidal ideation/Threats to kill &/or threats of suicide/self-harm. Last chance thinking, "if I can't have you nobody will/can" Increased stalking & monitoring. Victim may: be fearful, feel powerless. "he/she is never going to leave me alone" Things may become calm/more intense. May sense something has changed.

Stage 7. Planning Web searches, murder kits/weapons. Stalking; seeking to be alone with victim or children. Unaware of plan/
